

INAIL, QUESTIONNAIRE ON SUPPORTING OSH COMPLIANCE – SUPPLY CHAIN

Riceviamo da INAIL richiesta di collaborazione in merito a quanto in oggetto, essendo Confimi Industria membro del network nazionale del Focal Point Italia, Coordinato da INAIL.

EU-OSHA sta conducendo un progetto, in collaborazione con un gruppo di ricercatori di sei diversi Organizzazioni di ricerca europee, sotto la guida dell'Università della Danimarca meridionale (Prof. Perter Hasle). Il progetto intende indagare le attività di salute e sicurezza all'interno della catena di fornitura. Esempi sono schemi di audit o accordi contrattuali sugli standard minimi. Nel progetto ci si concentra su due settori: agroalimentare e costruzioni, ma sono benvenuti esempi anche da altri settori. L'attenzione è rivolta in particolare ai rapporti di fornitura tra aziende europee (es. Rapporti tra Committenti e Fornitori – Qualificazione delle Imprese legate a tematiche di Salute e Sicurezza, Novità in tema contrattuale, Realizzazione di Procedure, Accordi con Agenzie di somministrazione del personale di lavoro, ecc.).

Nel progetto verranno raccolte buone pratiche da tutta l'UE, nonché informazioni su particolari regolamenti o accordi collettivi di contrattazione che inducano lo sviluppo della SSL nella catena di fornitura nei singoli Paesi UE.

Come parte del progetto, è prevista la compilazione su base volontaria del questionario in allegato rivolto a tutti i Focal Point .

Il questionario è composto da 4 ambiti:

Question 1: Literature and research

Question 2: Regulation

Question 3: Collective bargaining results

Question 4: Company cases

Da quanto sopra esposto, e In qualità di membri del network nazionale del Focal Point Italia, si chiede la vs. collaborazione nel rispondere, per le parti di competenza, al questionario in allegato riguardo al tema “Supporting OSH compliance - Supply chain”.

Le risposte da parte delle aziende interessate dovranno pervenire entro il 04 novembre p.v.

About the questionnaire:

The questionnaire is simply this word document. You answer by just clicking the line you want to answer. Then the cursor appears there. If you need to engage or consult your Focal Point network for some of the questions, you can just mark the question as well as the boxes to that particular question and send it to them in a separate document. For the identification of the different sectors just click on the tick-boxes and it appears an X.

Please send the answers from you and from your network to focalpoint@osha.europa.eu before the 27th october.
